Decora Smart™ Lighting Controls

Decora Smart

The Decora Smart™ family of home automation products offers an exciting selection of dimmers, switches, receptacles and plug-in devices designed for easy automated control of lights, motor loads, appliances and more. Users simply pair Decora Smart devices with the compatible Z-Wave®, HomeKit™, or Wi-Fi® technology to dim and time lighting, automate appliances and more from inside the home or while away via App or optional voice command.

Decora Digital™ controls with Bluetooth® technology provide local control within a 30-foot range without the need of a hub, gateway or internet connection. Users can easily dim or time lights directly from a smartphone or tablet with the Leviton Decora Digital dimmer & timer app.

Decora Smart and Decora Digital products support LED, CFL, Incandescent and Halogen lamps, coordinate with our Decora line of devices and are backed by a 5-Year Limited Warranty.

Decora Smart™ Lighting Controls

Decora Digital Controls with Bluetooth® Technology

The next generation of lighting controls is here combining the best features of a digital dimmer, a 24-hour programmable timer and a countdown timer in one. Without the need of a hub, gateway or internet connection, Bluetooth Technology bridges the gap between traditional dimmers and whole-house automation systems. Control, adjust and time lighting from your Smartphone or tablet for daily activities or program an event to give the home a “lived-in” look while away. Decora Digital devices are ideal for living rooms, bedrooms, kitchens, dining rooms, home offices, outdoors or anywhere full control of lighting is desired.

Features and Benefits

- Control manually or using free iOS or Android mobile app
- Bluetooth compatibility provides local control within a 30-foot* range
- No hub, internet or gateway required
- Each device can be named for easy identification
- App is used for all programming of dimmer and timer functions
- Flexibility to program timed events weekdays, weekends or any combination of days at set or random times
- Astronomical clock, automatically set through connection with smart device, adjusts to local sunrise/sunset times
- Automatic daylight saving time adjustment
- Countdown (sleep) timer can be set for up to 12 hours
- DDE06, DD710, DDS15 and DDF01 include a built-in battery that keeps time during temporary power outages
- LED locator light can be turned on or off via app
- Six product options in each box with 3 changeable faceplates and single pole or multi-location control
- Compatible with Decora and Decora Plus™ screwless wallplates
- Meets all applicable UL, CSA and FCC requirements
- Backed by a limited 5-year warranty

Dimmers

- Offer both dimming and timer functions for the associated load
- Digital circuitry provides programmable fade on/off and full range dimming
- Preset light level option automatically turns lights on to set level each use
- Ability to set maximum light level for energy savings
- Set low end dimming range for select LED lamps to optimize dimming performance
- Dim/Bright bar and locator light can be turned on or off
- Matching remote available for 3-way or multi-location applications
- Basic dimmer only model available (no timer or Bluetooth functionality)

0-10V LED/Mark 7® Fluorescent Dimmer

- Designed for use with LED and Fluorescent ballasts and fixtures using 0-10V power supplies
- Dual voltage 120V/277V, 50mA maximum sinking current
- No power pack required for switching

Quiet Fan Speed Control

- Quiet 1.5 Amp fan speed control is ideal for libraries, study rooms or any area where ceiling fan noise could become distracting
- Features a Decora switch and low, medium, high or maximum fan speed control

*30-foot Bluetooth range: Range may vary depending on specific conditions of installation, configuration of walls, obstacles and other factors.

SPOTLIGHT

Control with Bluetooth® Technology

Users simply pair the device with the Leviton Decora Digital Dimmer & Timer app and use on-screen menu options to control lights with iOS or Android smartphones or tablets within a 30-foot range. Visit leviton.com/decoradigital for more information.

App Store, Google Play and the Bluetooth word marks and logos are the registered trademarks of Apple Inc., Google Inc. and Bluetooth SIG, Inc., respectively, and any use of such marks by Leviton is under license. All other third party trademarks are the property of their respective owners.

Note: Sharing a neutral wire may cause flickering. Connect all dimmers to the same phase or run a separate neutral to each phase. Consult Leviton Techline if problems persist.

Caution on Retrofits

When retrofitting Mark 10® Powerline dimming ballasts into fixtures that originally had Instant Start ballasts, the sockets MUST be replaced with Rapid Start sockets to allow proper dimmer operation and to prevent damage to the dimming ballast. Refer to the instructions provided with the ballast and the Leviton dimmer.

Decora Smart™ Lighting Controls

Decora Smart with Wi-Fi®

The Decora Smart with Wi-Fi Technology family of products feature five devices including in-wall dimmers, a switch, and plug-in modules for appliances and lamps, supporting a wide range of load types including LED and incandescent with multi-way capability.

Features and Benefits

- Voice control, scheduling, and remote access, with no hub required
- Voice control using Amazon Alexa or Google Assistant*
- Schedule lights and connected loads to turn on/off at user selected times
- Easily group smart devices into rooms and create scenes to activate multiple lights at once

Voice control via Amazon Alexa or Google Assistant

Simply tell your favorite voice assistant from Google or Amazon to adjust the lights or plug-in loads. Compatible with all products that support Amazon Alexa and Google Assistant providing voice control of the load.

“OK Google, dim the lights”

“Alexa, turn on the lights”

* Google Assistant and Amazon Alexa sold separately.

Decora Smart™ Lighting Controls

Decora Smart with Z-Wave Plus

The Decora Smart with Z-Wave Plus Technology family of products feature five devices including in-wall dimmers, a switch, and plug-in modules for appliances and lamps. The family of solutions utilizes the latest generation of technology for advanced wireless lighting control products.

Features and Benefits

- Z-Wave is the most widely used home automation technology with the largest range of interoperable devices
- Compatible with Z-Wave controllers including Wink HUB, Samsung SmartThings® and smart security systems
- Can also be used with Amazon Alexa or Google Home with compatible hub
- Z-Wave Plus certified products feature two-way feedback, network wide inclusion, over the air updates and increased communication range

Decora Smart with HomeKit™

The Decora Smart with HomeKit family of products feature three devices including in-wall dimmers and switches that are easy to retrofit in existing residential applications. These advanced, yet simple-to-install and use solutions support a wide range of lamps including LED, CFL, and incandescent.

Features and Benefits

- Apple HomeKit technology provides an easy, secure way to control lights from iPhone®, iPad® or iPod Touch®
- Use Siri® on an iPhone or iPad to turn lights on/off or dim with just voice on command
- The Apple Home App and Apple TV® allow for remote control of all connected accessories from an iOS device and communication to third-party devices

SureSlide® Controls

Features and Benefits

- 6672 and 6674 are designed for optimal control of dimmable LED and CFL lamps. Also compatible with incandescent and halogen
- All SureSlide devices have a linear slide control for precise operation
- Preset versions provide single pole or 3-way lighting control when paired with a 3-way switch
- Appearance complements interiors and is compatible with other Decora devices
- Compatible with Decora Plus™ screwless wallplates and Decora wallplates
- Built-in radio/TV interference filter
- Quiet 1.5 Amp fan speed controls are ideal for libraries, study rooms and any area where ceiling fan noise could become distracting. Full range 5 Amp fan speed control also available
- Backed by a limited 5-year warranty

IllumaTech® Preset Slide Controls

Features and Benefits

- Universal Dimmers are designed for optimal control of dimmable LED and CFL lamps. Also compatible with incandescent and halogen
- Fluid slide movement allows fine adjustment of light level with minimum effort
- Captive wraparound slide bar remains securely attached
- Easy-to-use push button switch with conveniently positioned green LED locator
- Provides single pole or 3-way lighting control when paired with a 3-way switch
- Six product options in each box with 3 changeable faceplates and single pole or 3-way functionality
- Appearance complements interiors and is compatible with other Decora devices
- Compatible with Decora Plus™ screwless wallplates and Decora wallplates
- Power failure recovery ensures retention of last setting before power interruption
- Built-in radio/TV interference filter
- Quiet 1.5 Amp fan speed controls are ideal for bedrooms, libraries, study rooms and any area where ceiling fan noise could become distracting. Full range 5 Amp fan speed control also available
- Color Change Kits are available to allow fast color changeover to simplify stocking inventory and feature a self aligning mechanism that automatically connects it to internal slider
- NAFTA Compliant models available
- Backed by a limited 5-year warranty

Note: Sharing a neutral wire may cause flickering. Connect all dimmers to the same phase or run a separate neutral to each phase. Consult Leviton Techline if problems persist.

Caution on Retrofits

When retrofitting Mark 10® *Powerline* dimming ballasts into fixtures that originally had Instant Start ballasts, the sockets MUST be replaced with Rapid Start sockets to allow proper dimmer operation and to prevent damage to the dimming ballast. Refer to the instructions provided with the ballast and the Leviton dimmer.

Color

To order colors, add suffix to basic Cat. No. Products with suffix (-Z) include White, Ivory and Light Almond. Color Change kits available in the following colors: White (-W), Ivory (-I), Light Almond (-T), Gray (-G), Black (-E) and Brown (-B).

Decora® Slide Controls

Features and Benefits

- Aesthetically pleasing design with rocker switch and slender dimmer control slide bar
- Integrated linear full-range slide control for easy, precise operation
- Separate ON/OFF switch that preserves the selected brightness setting
- Optional locator light
- Provides single pole or 3-way lighting control when paired with a 3-way switch
- Six product options in each box with 3 changeable faceplates and single pole or 3-way functionality
- Slim, compact housing fits into a standard wallbox
- Suitable for multi-gang installations with other Decora products
- Additional color change kits available in Black, Brown and Gray
- No removal of fins for multi-gang installations
- Built-in radio/TV interference filter
- Backed by a limited 5-year warranty

LED/CFL/Incandescent/Halogen Dimmers

- DSL06 and DSM10 are designed for optimal control of dimmable LED and CFL lamps. Also compatible with incandescent and halogen
- DSM10 also compatible with Magnetic Low Voltage lamps
- Microprocessor control offers flexibility to fine-tune LEDs and CFLs for best performance
- Features a built-in starting technology for CFL lamps
- Wider dimming range on LED and CFL lamps than conventional incandescent dimmers
- Trim adjustment allows users to fine tune the dimming range to optimize low light level performance when required

0-10V LED/Mark 7® Fluorescent Dimmer

- DS710 designed for use with LED fixtures using 0-10V power supplies
- Dual voltage 120V/277V; 50mA maximum sinking current
- No power pack required for switching

Quiet Fan Speed Control

- Combines a Decora ON/OFF switch with a contemporary slender slide bar for the selection of low, medium or high fan speeds
- Quiet 1.5 Amp fan speed controls are ideal for bedrooms, libraries, study rooms and any area where ceiling fan noise could become distracting

Note: Sharing a neutral wire may cause flickering. Connect all dimmers to the same phase or run a separate neutral to each phase. Consult Leviton Techline if problems persist.

Caution on Retrofits

When retrofitting Mark 10® Powerline dimming ballasts into fixtures that originally had Instant Start ballasts, the sockets MUST be replaced with Rapid Start sockets to allow proper dimmer operation and to prevent damage to the dimming ballast. Refer to the instructions provided with the ballast and the Leviton dimmer.

Color

To order colors, add suffix to basic Cat. No. Products with suffix (-Z) include White, Ivory and Light Almond. Color Change Kits available in the following colors: White (-W), Ivory (-I), Light Almond (-T), Gray (-G), Black (-E) and Brown (-B).

SPOTLIGHT

LED Compatibility Selector Tool

When purchasing a new LED bulb or dimmer you should first ensure they're compatible in order to achieve the best performance. Our tool can help you find the right combination, visit www.leviton.com/universal

Traditional Controls

Leviton's traditional dimmers and fan speed controls are compact in design, install easily and come in rotary and toggle models with preset and non-preset options. They are ideal to help create the perfect ambiance within a room and help conserve energy to reduce overall energy costs.

Traditional Dimmers & Fan Speed Controls

Trimatron® Rotary Controls

Features and Benefits

- RDL06 and RNL06 are designed for optimal control of dimmable LED and CFL lamps. Also compatible with incandescent and halogen
- Built-in radio/TV interference filter
- Quiet 1.5 Amp Fan Speed Control is ideal for libraries, study rooms and any area where ceiling fan noise could become distracting. Full range 5 Amp fan speed controls also available
- Wire leads provided for fast, easy installation
- Compatible with toggle style wallplates
- Backed by a limited 5-year warranty

Traditional Dimmers & Fan Speed Controls

IllumaTech® Rotary Controls

Features and Benefits

- Rotary dial with contemporary appearance
- Dimmers provide single pole or 3-way control when used with a 3-way switch
- Dimmers available with or without LED locator
- Quiet 1.5 Amp fan speed controls are ideal for libraries, study rooms and any area where ceiling fan noise could become distracting
- Dual fan speed control and dimmer is ideal for ceiling fans with built-in light fixtures
- Compatible with Decora Plus™ screwless wallplates and Decora® wallplates
- Built-in radio/TV interference filter
- Backed by a limited 5-year warranty

Traditional Dimmers & Fan Speed Controls

Toggle Slide Controls

Features and Benefits

- Integrated linear full-range slide control for easy, precise operation
- Separate ON/OFF toggle switch that preserves the selected setting
- Provides single pole or 3-way control when paired with a 3-way switch
- Slim, compact housing fits easily into a standard wallbox
- Suitable for multi-gang installations
- No removal of fins required for multi-gang installations
- Available in White, Ivory and Light Almond
- Built-in radio/TV interference filter
- Backed by a limited 5-year warranty

LED/CFL/Incandescent/Halogen/MLV Dimmers

- TSL06 and TSM10 are designed for optimal control of dimmable LED and CFL lamps. Also compatible with incandescent and halogen
- TSM10 also compatible with Magnetic Low Voltage lamps
- Microprocessor control offers flexibility to fine-tune for best performance with LEDs and CFLs
- Features a built-in starting technology for CFL lamps
- Wider dimming range for LED and CFL lamps than conventional incandescent dimmers
- Trim adjustment allows users to fine tune the dimming range to optimize low light level performance when required
- Forward phase control
- Optional locator light is built into the switch

Quiet Fan Speed Control

- Quiet 1.5 Amp Fan Speed Control is ideal for libraries, study rooms and any area where ceiling fan noise could become distracting
- Combines a toggle ON/OFF switch with a 3-speed contemporary slender slide bar for the selection of low, medium, or high fan speeds

Decora Wall Switch Occupancy, Vacancy and Humidity Sensors

Decora sensors combine state-of-the-art technology with a sleek look to provide optimal management of lighting and motor loads and a choice of either Manual-ON (Vacancy Sensor) or Automatic-ON (Occupancy Sensor) switching. The Humidity Sensor and Fan Control detects rising humidity and automatically activates a ventilation or exhaust fan.

Decora Occupancy and Vacancy Sensors

Features and Benefits

- Available in Automatic-ON or Manual-ON models
- Provides 180° Field of View, 900 sq. ft. coverage
- Adjustable delayed OFF time can be set for 30 seconds, 5 minutes, 15 minutes or 30 minutes
- Adjustable ambient light sensor prevents Auto ON when there is ample natural sunlight
- No neutral required (except IPS15/IPV15 models)
- Vacancy models can be used to comply with 2016 California Title 24, Part 6 Vacancy Control Device Requirements
- Occupancy sensors can be adjusted so they function as vacancy sensors
- Screw terminals for easier installation
- Compatible with Decora Plus™ screwless wallplates and Decora wallplates
- Comes packaged in White with Ivory and Light Almond color change kits

Dimming Sensor — IPSD6/IPVD6

- Single pole or 3-way when paired with a 3-way switch
- For use with dimmable LED/CFL and incandescent loads

Relay Sensor — IPS02/IPV02, IPS05/IPV05

- Single pole only
- For use with LED, CFL, incandescent, fluorescent and motor loads

Relay Sensor — IPS06

- Single pole or 3-way when paired with a 3-way switch
- For use with LED and incandescent loads

Relay Sensor — IPS15/IPV15

- Single pole or 3-way when used with IPV0R sensor remote or with VPOSR switch remote
- For use with LED, CFL, incandescent, fluorescent ballast or motor loads, 1800W max load

Sensor Remote — IPV0R

- For use in 3-way applications with the IPS15 or IPV15 sensor
- 180°, 900 sq. ft. coverage

Field-of-View (Side, Vertical)

Decora Wall Switch Humidity Sensor and Fan Control

Features and Benefits

- Replaces a single pole switch for control of a ventilation fan or a fan/light combination
- Automatically detects rising humidity and activates a ventilation or exhaust fan in bathroom
- Manual ON option to address immediate ventilation needs
- Neutral wire is required for operation
- Microprocessor control with digital sensing technology
- Can be used to comply with the requirements of 2016 California Title 24, Part 6, Indoor Air Quality and Mechanical Ventilation
- Meets requirements of ASHRAE 62.2
- Can be used to comply with the requirements of 2016 CALGREEN, Part II, Indoor Air Quality and Exhaust
- Air Cycle mode for continuous operation turns on the fan set minutes per hour to meet ASHRAE 62.2
- Green LED functions as a status indicator
- Use with existing or new ventilation fans up to 1/6 HP, 3 amp
- Compatible with Decora Plus™ screwless wallplates and Decora wallplates
- Backed by a limited 5-year warranty

Timer Switches

Leviton Timers add convenience to any home. Built to the highest performance standards, Decora preset timers save energy and provide a long lasting and reliable service life. They're an easy upgrade to help reduce energy costs, improve security and add convenience - use them to time lighting for daily activities or program an event to give the home a "lived-in" look while away. The Decora Digital switch with Bluetooth Technology combines a standard wall switch with a programmable and countdown (sleep) timer into one device that can be controlled using the Decora digital dimmer and timer app without the need of a hub, gateway or internet connection.

Decora Programmable Digital Timer Switches

Features and Benefits

Decora Digital Timer Switch with Bluetooth® Technology — DDS15

- The free mobile app makes it quick and easy to program timer functions and control lights
- Point-to-point local control within a 30-foot* range without the need for a hub, gateway or internet connection
- Flexibility to program weekdays, weekends, all days or any combination of days
- Astronomical clock automatically adjusts to local sunrise/sunset times
- Automatic daylight saving time adjustment
- Countdown (sleep) timer can be set for up to 12 hours
- Rechargeable battery keeps time during temporary power outages
- LED locator light can be turned on or off via app
- Matching and Coordinating remotes available for 3-way/multi-location applications
- Neutral wire required
- Backed by a limited 5-year warranty

Decora 24-hour Programmable Timer

- Flexibility to program weekdays, weekends, all days or any combination of days
- Astronomical clock automatically adjusts to local sunrise/sunset times
- Automatic daylight saving time option
- To-the-minute accuracy
- Timer settings at-a-glance with easy to read backlit display
- Simple one-touch temporary and permanent override (-1P model only)
- LED/CFL compatible
- Single pole and 3-way (with VPS0R Switch Remote)
- Compatible with other Decora devices
- Can be used to comply with the 2016 California Title 24, Part 6, Residential Outdoor Control Device Requirements (-16 model only)
- Backed by a limited 5-year warranty

*30-foot Bluetooth range: Range may vary depending on specific conditions of installation, configuration of walls, obstacles and other factors
